Happy 100th Birthday

Reflections from students in 5 Red after our celebrations last Friday:

The best thing about this school for me is the people that make me believe in God and religion. The other thing is that I feel safe in St Francis Xavier. The last thing is the changes the school has made like the buildings and the garden of remembrance. Bryanna

I felt happy and realised that our school is very old and it brought joy to the school. It was the best thing of the day. Jade

I felt proud of what the school has done. I also felt excited for the next hundred years. I was happy that I got to let the balloon go. Declan

The 100 years celebration meant a lot to me because it's a time to be proud that our school lasted 100 years and I am very proud of what I've learnt so far. Kelvin

St Francis Xavier School, Goodna, 1910 to 2010
