Update No. 8

Who is our oldest living past pupil?

Is it Margaret Hanley (nee Mulkerin) who was born in 1919 and attended St Patrick's school from 1924 to 1932? Margaret's father, J. Mulkerin was on the committee that took an active part in the building of St Patrick's school in 1910. Her grandfather was on the committee that supported the building of the parish church in 1881. Margaret still lives in the Goodna area and many members of her family have attended our school.

The visitor's book that was signed for the 90th celebrations of the school gives many names of past pupils who attended the school from 1922 onwards. How many of these early past students do you know? Can you give us names and contacts so we can invite them to our Centenary celebrations in September 2010?

Class of 1925
